Solution 1

Reduce overheads at your workplace with DEK Storage Solutions

Stencils are a valuable commodity. Storing stencils correctly will protect your investment and prolong their usable life and make them easier to access. For this reason, ASM Assembly Systems has now developed a range of special stencil cabinets (Solution 1 to 3).

We have designed a mobile working station (Solution 4) in order to further increase productivity on your production line.

Use these security and organisation packages for your production. Quick and easy to order.

- **Increase life expectancy** ~ Save on overheads
- **Retrieve items quickly** ~ Save valuable time
- **Mobile at the production line** ~ Speed up your production
- **Intelligent storage systems** ~ Optimise workflows and save valuable space
